Declares that the products listed below

LeakFilm MC

Model : HLFMSRD
 Parameters : 100-240 V ~, 50/60Hz, 10W, IP43

The LeakFilm MC can connect maximum of 200 file type water leak detection sensor LeakFilm water leak alarm devices and detects water leak/solution leak detected from sensor within few seconds. Then it indicates alarm module and converts its location in [m]. It distinguishes current operating status and alarm with 3 colours of LED and the broken sensor, water leak, and communication error can be checked with separate LED.

Are in conformity with the provisions of the following European Directive(s), when installed, operated, serviced and maintained in accordance with the installation/operating instructions contained in the product documentation:

2004/108/EC **EMC Directive**
2006/95/EC **Low Voltage Directive**

And that the standards and/or technical specifications referenced below have been applied or considered:
