Honeywell Total Connect

Honeywell's amazing, voice-enabled Tuxedo Touch™ Home and Business Controller will have all of your customers talking.

The latest Tuxedo Touch responds to simple speech commands—literally giving your customers' homes a voice and enabling convenient, hands-free operation. By simply saying “Hello Tuxedo” and using select, built-in commands like “Wake Up” or “Bedtime,” your customers can control security, lights, locks and thermostats without having to lift a finger. Plus, it's remotely upgradable—saving you time and money on operational costs!

Thinking big picture? Offer Honeywell Total Connect™ Remote Services on every installation to drive RMR.

Say hello to opportunity!
