

VIDEO SURVEILLANCE - Performance IP Series & Focus 4K

The new Honeywell Performance Series fully-featured IR True Day/Night IP cameras are the perfect match to embedded IP NVR. Together, they are an excellent cost-effective option for both indoor and outdoor surveillance applications, including retail stores, schools, colleges, hospitals, commercial sites, gated entrances, loading docks, and driveways. The performance series cameras come in 2, 3, 4, 5 MP, and 4K resolution in bullet, dome, eyeball, fisheye and pancake type configurations.

Performance IP Series Cameras

- Motorized focus/ zoom lens with auto-focus for easy installation
- Lower noise in low light and higher codec efficiency to save on bandwidth and storage
- 3MP in 16:9 resolution with more pixels per feet
- Compact design with small form factor for easy installation
- Supports Micro SD card for local storage
- Smart IR technology for even distribution of IR
- True WDR cameras in 2 and 4 MP resolution
- 4K (8MP) resolution support 60fps 1080P
- 5 MP camera with 360 degree wide angle fisheye lens
- Support H.265+/ H.265 codec

Performance IP Series NVRs

- H.264/ MJPEG dual codec
- HDMI/ VGA simultaneous video output
- Up to 16 channels recording at full frame rate
- The Quick wizard and PoE support makes setup fast and easy
- Supports sending of notifications through email, FTP and/or HTTP
- Password-protected access to the NVR's video and network setup
- UL listed

Focus 4K Embedded NVRs

- Up to 64 1080p/4MP/4K IP camera inputs
- 4K UHD display, 4ch 4K/16ch 1080p playback
- Local and Web 360 de-warping
- Up to 8 SATA + eSATA, supp. 8TB HDD
- 320 Mbps throughput, 2.5x of Perf ENVR
- Smart Motion & Face Detection Search
*with Performance IP and equiP Camera support
- H.265/H.264 compression
