

# **An Introduction to System Sensor**

# Company Overview

## System Sensor

- Established in 1984
- Became a Honeywell company in 2000 as part of the Pittway Group acquisition
- World's largest manufacturer by unit volume of fire detection and notification products
- Global presence with 1,950 employees in facilities on five continents

# Our Worldwide Presence

# A Honeywell Company

## Honeywell 2009

- \$31 billion in sales
- 122,000 employees
- 120 countries

## Honeywell Business Groups

- **Automation & Control Solutions (ACS) 38%**
- Aerospace 34%
- Transportation Systems 14%
- Specialty Materials 14%

## ACS Business Units

- Life Safety (HLS)
- Process Solutions
- Building Solutions
- Security
- Scanning and Mobility
- Environmental Combustion and Controls
- Sensing and Controls

## HLS Business Enterprises

- Sensing and Devices
- Fire Systems
- Honeywell Safety Products
- Life Care

## Sensing and Devices Businesses

- **System Sensor**
- City Technology
- KAC
- Honeywell Analytics
- BW Technologies by Honeywell

## Commercial Fire Channel

- Intelligent smoke detectors and modules
- Audible visible notification
- Specialty detection (high sensitivity aspirating, spot, and duct smoke detection; beam smoke detection; multi-criteria detection)

*Serving engineered systems distributors via commercial fire alarm control OEMs*

## Security Channel

- Conventional and wireless smoke detectors
- System-connected conventional and wireless CO detectors
- Heat detectors
- Audible visible notification

*Serving security alarm dealers via security equipment distribution and security OEMs*

## HVAC Channel

- InnovairFlex™ conventional and intelligent duct smoke detectors
- InnovairFlex Watertight duct smoke detectors
- High sensitivity duct smoke detectors
- Remote test and annunciation accessories

*Serving HVAC OEMs, and mechanical contractors via HVAC distribution*

## Fire Sprinkler Channel

- Waterflow detectors
- Pressure switches
- Supervisory switches
- Audible and visible notification

*Serving fire sprinkler contractors via  
fire sprinkler OEMs, distributors,  
and fabricators*

## Audible Visible Products

- Indoor and outdoor strobes, speakers, speaker strobes, chimes, horns, and horn strobes
- Emergency communications and mass notification products and accessories
- ExitPoint Directional Sounder

*Serving engineered systems distributors via commercial fire alarm control OEMs and security alarm dealers via security equipment distribution and OEMs*

## Aspiration Products

- FFAST™ Fire Alarm Aspiration Sensing Technology
- Highly accurate Very Early Warning Fire Detection
- Extensive remote monitoring and communications capabilities
- Ideal for protecting high value assets, processes, and data
